

Veterinary Technician Internship Program

Summary of Program

CARE|Charlotte Animal Referral and Emergency is offering a one-year rotating internship for new veterinary technician graduates. CARE is a state-of-the art veterinary facility offering 24/7 emergency care and board-certified specialty care. Our staff includes board certified specialists in surgery, internal medicine, oncology, cardiology, neurology and ophthalmology as well as 7 emergency veterinarians. The internship will provide direct supervision, teaching technical skills, and provide hands-on experience that will give technicians the skills and confidence to advance their career. The internship will offer didactic experiences, which will include weekly rounds with doctors and lead technicians, as well as wet lab opportunities. After completing the one-year internship, the technicians will be proficient in small animal anesthesia, emergency and critical care, dentistry, radiographic techniques, animal care and restraint, client communication skills, and knowledge of disease processes and treatments. The internship is located in Charlotte, NC. Charlotte is the second fastest growing city in the US and offers big-city amenities with small-town charm.

Eligible Candidates

Candidates must be a graduate of an AVMA accredited Veterinary Technology program. Experienced technicians that are credentialed (certified, registered or licensed) will also be considered.

Number of Candidates

We are currently accepting 6 intern(s).

Schedule

The internship includes month-long rotations at CARE in surgery, internal medicine, neurology emergency and 3 elective rotations of the intern's choice (cardiology, oncology, ophthalmology, exotics, or large animal). The program will also offer additional rotations at the Hospital for Veterinary Dentistry & Oral Surgery and 4 Seasons Cat Hospital. Interns will be scheduled for a variety of shifts, which will include days, overnights, weekends, and holidays.

Salary, Benefits and Vacation

Interns receive an hourly wage with benefits that include medical, dental, vision, short term disability, EAP, 401K with match, \$25,000 group life insurance and AD&D policy, and a \$500.00 HRA allowance. CARE also provides a \$500 CE allowance and a \$70 scrub allowance for the year. Interns will receive 40 hours of PTO during the program.

Acceptance

The technician will be notified of acceptance by March 15, 2019. The internship begins July 1, 2019.

Application Process and Deadline

Interested candidates must submit their application package to elane-cress@carecharlotte.com by March 1st, 2019.

Applications that are incomplete will not be considered. Your application package should include a letter of intent, application form and resume. Please have 3 letters of recommendation and official transcript mailed to CARE directly.
